Angelcare, Corp. provides Seniors professional assistance with finances, insurance, and the entire transition into a care facility. Services I provide are:

- Conservator
- Private Case Manager
- Private Fiduciary
- Notary Public
- Power-of-Attorney Agent
- Financial Services
- Personal Representative
- Alzheimer's & Dementia Specialty

Are you or your loved one no longer able to perform certain duties on their own, or are simply overwhelmed and need help. I have a heart and love for the elderly, and know this stage of life can be frustrating and, at times, at a disadvantage in today's high paced, busy society. My desire is to come along side and help in various areas to ease your, or your loved one's, burden. My main focus is helping to do the "business" aspects of one's life that are tedious and time consuming, including keeping finances in order, taking care of personal property in the home, helping market and sell a home, choosing the right care facility, etc.

Following are additional services I can provide:

- Review mail, go through overwhelming piles of papers, organize clutter, etc.
- Coordinate and manage caregivers and appointments
- Choose an appropriate care facility
- Paying bills, making changes to save money
- Errands, Post Office, Shopping, p/u Prescriptions
- Elder Care Needs

My background is as a Paralegal in the Wheat Ridge and Arvada area and have had many elderly clients over the past several years; I love helping them. I also have full knowledge of the Probate legal system, can be a Personal Representative in a Will, and/or Conservator. I am Alzheimer's Certified, specializing in Dementia and Alzheimer's Disease.

Please call me if you or someone you know has needs which I might be able to assist. I would be happy to meet with you and visit about how I can help.
